**Subject:** BDCP alternatives released within weeks or months?

Hi Patti!

Thanks for meeting with us last Friday. It was a good meeting.

Did you go to the BDCP meeting with Hayes, Laird, and Meral yesterday? They mentioned alternatives would be 'released' within weeks or months. That surprised me. Do you know what they are referring to? Is this the suite of alternatives you mentioned last week? The ones that had been discussed at BECT? Is there a way we can recirculate those to the fed lead and cooperators. It's hard to know from all of the documents that were posted in the BECT library which one is the one with the suite build and operations alternatives (ditto on selection criteria). You can call me too if you want to discuss.

Thanks!

Erin
